I got an opportunity to attend the meeting that was organized with the new coalition known 'Tanzania HIV/AIDS prevention coalition'. Different stakeholders joined like TNW+, NYP+, NETWO+, KVP Forum etc. and I became a member to that coalition.

For the past two months, as an ambassador, was doing an online campaign to support The Global Fund on the 7th replenishment. The campaign was

real nice and it had positive impact as the videos and contents reached more than 600 people.

I was also invited by Tanzania Commission for AIDS to participate in their meeting which they were discussing on the new policy to prevent and treat HIV infections.

The Work I Love

enthusiasm • commitment • change maker

I did a community outreach to two schools in Mbeya region. Conducted several capacity building on SRHR and HIV response to AGYW.

Ambassador Angels

amazing • helpful • fun

this program was initiated for supporting, informing and empowering ambassadors to be leaders, advancing advocacy to achieve policy change on issues that matter to AGYW. I normally talk to my mentor [my angel]. since the establishment of this program, it has been so amazing, fun and helpful because she always help me to know my strength, advocacy objectives. She is real supporting, assisting me to build my networks.

During the commemoration of the International Day of the Girl child on 11th Oct. 2022, in the High level meeting on championing the priorities of Women and Girls in the HIV response. I met the minister of community Development, Gender, Women and special group Dr. Dorothy Gwajima. She spoke on how her ministry is supporting the AGYW agendas, fighting GBV and ensuring that there is an equal opportunities to these women and girls in the community, but

Amazing Month

learning • inspired • motivated

This month has been so amazing as I got to learn so many things, being inspired and motivated in so many things. Being the HVF Ambassador has given me an opportunity to participate in the High-Level Meeting on championing the priorities of Women and Girls in the HIV Response.

The outcome of the meeting was to amplify AGYW priorities and leadership in the HIV response through identifying promising strategies and approaches for them to protect themselves from HIV and seek non-discriminatory services.
